1982 Long Range Development Plan Restudy

UCSF is in the process of restudying its 1976 Long Range Development Plan (LRDP) to make sure that the campus planning for the '80s is based upon changing societal and academic needs and realistic financial opportunities and constraints.

The 1982 LRDP Restudy proposals are essentially a re-juggling of already approved buildings without changing the total amount of space approved in the 1976 plan, and will not add new hospital beds.

Over the last year, campus leadership has been in communication and consultation with a number of individuals and groups in the community at meetings of the formal UCSF Campus Planning Committee, in informal presentations before a number of neighborhood organizations, and in two public sessions held on June 17 on campus.

Additional public presentations for discussion of the LRDP will be held on Wednesday, July 7 at noon and 7 p.m. in Toland Hall (533 Parnassus Avenue). In addition, there will be two formal hearings on the Draft Environmental Impact Report (EIR), one on Tuesday, June 29, and another, for those who want more time to study the plan, on Wednesday, July 14. Both will be held at 7 p.m. in Toland Hall.

Copies of the Draft Environmental Impact Report and the Long Range Development Plan Restudy are available from: Robert LaPointe, Chancellor's Office, 145 Irving Street, UCSF, 94143, 666-1131.

Testimony at both EIR hearings will be included in the final published Environmental Impact Report. The hearing record will be kept open until Friday, July 23, 1982. During this period, letters and statements also may be submitted for inclusion in the record by writing to the above address.

New Parking Rates Start July 1

As of July 1 there will be increases in the public parking rates for all UCSF garages, as well as the Kirkham Street lot (between Fourth and Fifth Avenues) and the Fourth Avenue lot behind the new School of Dentistry.

The new public parking rates are: up to 1 hour, $.75; 1-2 hours, $1.50; 2-3 hours, $2; 3-4 hours, $2.75; 4-6 hours, $3; 6-7 hours, $3.75; and 7-8 hours, $4. The Kirkham Street and Fourth Avenue lots have a special rate of $2 all day for cars entering between 5 and 7 a.m.

In addition, the City of San Francisco offers parking by the day and quarter-year at the Kezar Stadium lot. Permits are $60 and can be obtained at the Property Management Section, second floor, McLaren Lodge Annex, Fell and Stanyan streets, 9 a.m. to noon, and 1 to 4 p.m. Parking also is sold by the lot attendant for $1.50 per day.

This facility is entered from Stanyan Street and is open 24 hours a day. Staff is on duty 6 a.m. to 5 p.m. and the UCSF Security Shuttle transports visitors to the campus and UCSF employees to the lot between 5:30 p.m. and 2 a.m.

For further information call 666-2566.

Arthritis Benefit—Lena Horne Sept 12

A special showing of the New York sell-out hit, "Lena Horne—The Lady and Her Music," will be held Sunday evening, September 12 at the Golden Gate Theater to benefit the Rosalind Russell Medical Research Center for Arthritis at UCSF.

Mary Martin is honorary chair for the premiere, which has a coordinating committee of 200 members, including Mrs. Richard K. Miller, chair, Mr. and Mrs. Melvin Swig, Carole Shorenstein and Melvin Belli. Serving from UCSF on the committee are former Chancellor and Mrs. Francis A. Sooy, Chancellor and Mrs. Krevans, Dr. and Mrs. Herbert C. Moffitt and Ephraim P. Engleman, MD, director of the Rosalind Russell Center.

Benefit tickets range from $20 to $250 (most of which is tax deductible). There are only a limited number of $250 tickets which include a post-theater party with Mary Martin at the Fairmont Hotel. For ticket information contact Compass Associates at 929-1417.

The Rosalind Russell Medical Research Center for Arthritis was established in 1979 in honor of the late Rosalind Russell. It is one of the most comprehensive programs of its kind, integrating education, community service and treatment with arthritis research at UCSF, San Francisco General Hospital and the VA Medical Center, S.F.

Thanks to the Steinhart Aquarium, the Walter A. Haas, Jr. Radiation Oncology Pavilion reception area in the new Joseph M. Long Hospital now has a large fish tank for viewing by its pediatric patients. Shown are (left to right) are John McCosker, director of the Steinhart Aquarium, Robert Lilienthal, president-elect, UCSF Hospitals Auxiliary, and young visitor Tracy Johnson from Hillsboro, Oregon.

Chancellor's Public Service Awards

The Chancellor's Award for Public Service went to UCSF pediatrician Lucy S. Crain, MD, of San Francisco for "her continuing commitment to health education in public schools and her leadership of professionals concerned with services to the developmentally disabled"; and to Theodore G. Tong of San Mateo for "his continuing efforts to make the Bay Area a healthier place to live through the creation of the S.F. Bay Area Regional Poison Center, his work on the S.F. Fire Department Hazardous Materials Team, and his involvement with the S.F. Chinese community."

The Edison Uno Award winner was Stella H. Kiyota of San Francisco for "her leadership role as a founding member of the Nihonmachi Political Association, as a board member of the Japanese Community Youth Council, and her unselfish commitment to improving the community in which she lives."

Help for Grieving Widows

The Psychotherapy Center at UCSF's Langley Porter Psychiatric Institute offers treatment for widows to help them work out their grief and adapt to a new life.

A 12-week session of individual treatment or participation in a mutual help group is offered to women who have been widowed for a period of four months to three years. The program, now in its final stages, is part of a three-year study of different methods for helping widows to cope with bereavement.

The treatment is free of charge. In addition to attending therapy or mutual help group sessions, the women will be asked to participate in evaluation interviews. Confidentiality will be respected.

For further information call 681-8080, extension 513 or 510, Monday through Friday, 8 a.m. to 5 p.m.

Summer Youth Programs

Some 160 San Francisco youths wanting job experience in health fields are participating in two summer programs offered by UCSF.

The Chancellor's Summer Youth Program is part of a citywide youth employment program and involves some 85 high school students. They work 20 hours per week for eight weeks in various capacities at UCSF and are paid minimum wage from city and county funds as well as an additional $1.42 an hour by participating UCSF departments.

Since the beginning of the program 14 years ago, approximately 1,000 students have been employed by the university, 25 to 30 of whom have become career employees at UCSF, several in positions in high-level responsibility.

In addition, some 75 high school and college students from the Bay Area are participating in the UCSF Summer Volunteer Program, sponsored by Volunteer Services. The students work nine regularly scheduled hours per week in a wide variety of practical work experiences in several departments including X-ray, Pediatrics, and operating, recovery and emergency rooms.

Oriental Medicine Collection Gets $13,000 Grant

The UCSF Library has received a $13,000 grant from the Commemorative Association for the Japan World Exposition to purchase books for its Oriental Medicine collection.

The Library's unique collection, which was started 19 years ago, contains publications related to development of medicine and medical practices in Japan, China and other Asian countries and currently holds over 10,000 volumes of books and journals in the original Asian and western languages. The collection attracts attention from scholars and researchers in the U.S., Japan, China and Europe.
